

Cape Cod

Engineered Custom Siding

A TRUSTED NAME

As part of our continuing commitment to innovation and growth, Cape Cod Siding is excited to introduce **Cape Cod Engineered Custom Siding (ECS)**.

ECS is Eastern Canada's first fully serviced, custom-colour siding built on LP® SmartSide®. We combine style and durability to enhance your home's curb appeal and make the process easy. Colour swatches and contractor support including on-site consultations, estimates, and expert guidance are available every step of the way.

Now you can have the durability of engineered wood siding in a virtually endless array of colours, delivered with the precision, quality, and exceptional service Cape Cod Siding is known for.

Cape Cod
Finished Wood Siding

Endless
COLOUR OPTIONS

With over 25 years of performance in Canada's toughest climates, LP® SmartSide® complements our existing wood siding line to provide consumers a broader range of high quality exterior options.

ECS is available in a full selection of profiles, including **lap siding, board & batten, panel, shake, and trims** - providing architects, designers and homeowners the flexibility to achieve any creative goal. For enhanced design versatility, ECS can be paired with our wood siding line to create striking, customized exteriors.

ENDLESS COLOURS OPTIONS

From classic standards to the latest styles, the colour of your dreams is waiting for you. All Cape Cod Engineered Custom Siding products are custom painted with a factory finish. Our colour laboratory is fitted with leading technology for capturing your desired colour. Unleash your creativity and we will bring your home to life.

FASTER AND EASIER INSTALLATION

Engineered Custom Siding products help you build with greater efficiency on the jobsite. With longer lengths and advanced durability, Cape Cod Engineered Custom Siding is designed to boost your productivity so you can save time during installation.

DURABILITY

Our products are designed to provide superior impact resistance. Whether facing everyday bumps, accidental collisions, or airborne storm debris, our siding stands strong - helping protect homes and maintain their durability over time. Cape Cod Engineered Custom Siding provides peace of mind while preserving both function and beauty.
